Lori Grof

Total Players: 126

Score Cards

We are seeing a number of problems with score cards this year. So far we have been very lenient about correcting them but that will end soon.

- If you are keeping your score on one card and transferring it to another card to turn in, BE CAREFUL. We are getting a number of cards where a hole score has been missed. Sometimes the score includes something for the missing hole but sometimes, it is just the 8 hole total.
- Don't put in the number of putts – we don't want to know and they just make your card messy
- Be sure your name and number are complete in the score section.
- Be sure both the scorer and player signatures are there.
- If you don't finish, please turn in a card with DNF on it. Otherwise we have to go through all the cards against the tee sheet to see who is missing.
