

MEMBERSHIP INFORMATION

The NASA Ladies Golf Tour is open to any amateur lady golfer 50 years of age and over. There is an annual registration plus entry fees for each game played. Concepts for the Tour include low entry fees and equal flight prizes. Handicaps are not used. To maintain a competitive level, gross scores are ranked from the lowest to highest in flights of ten. The top four in each flight receive a cash prize which is accumulated and awarded at the Year End Tournament.

Our Motto is GOOD GOLF and GOOD FELLOWSHIP

All members are expected to help maintain the pace of play, the integrity and administration of the NASA Golf Tour supplemented by the rules of play set out by Golf Canada, as well as the special instructions and notices set out by the host golf courses and the special NASA Golf Tour provisions as follows:

- All play will tee off from the forward tees.
- All putts must be holed out. No Gimmies!
- Play ready golf.
- Scoring will be to double par. At double par pick up your ball and continue to the next hole.
- No more than three minutes looking for a lost ball.
- If your ball goes out of bounds, in a water hazard, or is lost, take a drop within two club lengths of where it went out. Score a one stroke penalty. You can also choose to hit the ball from the penalty area, but you get no relief and must play the ball as it lies, loose impediments may be removed.
- Sand Bunkers – should your ball land in a footprint or badly raked bunker, you are allowed to pick your ball up, rake the area your ball landed, place your ball back in the spot it landed. There will be no penalty stroke applied.
- Keep up to the group ahead – do not just stay ahead of the group behind you.

NASA has modified these rules to help with speed of play and eliminate confusion.

GOLF ETIQUETTE

- Make sure the group in front of you is clearly out of range before you hit your ball.
- Do not stand directly behind the player, the ball or the hole when a player is making a stroke on the fairway or the green.

- Follow the flight of your groups shots to determine landing areas. It is amazing how much time is taken looking for a ball far ahead of where it landed.
- Fix your ball mark and two others on the green.
- Record scores on the next tee, not on the hole you just completed.
- Be ready to play.
- Keep your equipment with you when looking for a lost ball.
- Rake bunkers after you play from them, leaving them in the condition you would like to play.
- When teeing up your ball be sure to stay within the forward markers and never ahead of them. You can be up to two club lengths behind the markers.
- Cell Phones – silence or turn the volume down while golfing. To maintain the pace of play plan to return calls or messages after golfing, if possible.
